The diagram shows a mechanical assembly. A central component is labeled **B11**. To its right, a curved arm is labeled **G2**. Below the central component, there is a sub-assembly labeled **G4** which includes a component labeled **B11**. Arrows indicate the direction of movement or force: one arrow points from the central **B11** towards the top-left, and another curved arrow points from the central **B11** towards the **G2** arm.
